

CLEARING & PROTECTING YOUR ENVIRONMENT

Dimensional Design Products, Inc

The SAFESPACE™ products offer protection from the many forms of chaotic information assaulting our bodies every day. They are most effective when used together to energy balance an environment establishing peaceful, stress free spaces. Each product addresses toxins in very specific ways to clear and protect one from detrimental electromagnetic fields, earth radiations, as well as other harmful energies.

W2.5" x L4.25" x H.75"

SAFE SPACE I large interior spaces ... Clears **1000 ft. radius** in all directions

The Safe Space I helps to clear the effect of toxic energetic fields in interior spaces such as homes, office buildings, schools, hospitals etc. Its purifying influence causes a tangible change in the atmosphere, creating an energetically cleaner more balanced environment.

SAFE SPACE ENERGY STRIP for clearing water and electric lines

A 4" holographic tape for clearing toxicity from two critical sources: water and electromagnetic fields. When placed on water lines, electrical lines or a fuse box this Energy Strip repolarizes the subtle energy matrix in the electricity and water to a coherent, beneficial and life-enhancing state. One Energy Strip placed on the fuse box can harmonize all the electric circuitry of a house. In laboratory testing at Quantum Biology Labs the Safe Space Energy Strip more than completely (110%) reversed the damaging effects from power line radiations on DNA. We recommend one for your water source and one for your fuse box.

\$39.95

Plant 6" deep in soil

GEORESONATORS to balance toxic earth energy on outside property.

A great solution for clearing and balancing the earth energy on your outside property. Toxic earth radiation can radiate through a house seriously interfering with healthy work and sleep patterns. When planted at the edge of the property (using 4) a harmonizing life supportive energy field is carried through the soil and the atmosphere. Studies have shown that toxic earth radiation is neutralized and a healthy biological process in the land is restored. Single GeoResonators can also be planted near sick plants, trees, or in gardens.

4 pack

SAFE SPACE II for clearing vehicles, laptops, small areas

Ideal for protecting one's energy during work or travel. Use to clear a personal computer station, a laptop, vehicles or any small areas with electrical appliances. The Safe Space II contains a framed holographic grid 2"x 2" and can be easily attached to any surface. Clears a 9 ft. radius in all directions

SAFE SPACE Cell Phone Patch

Our laboratory-tested and clinically proven cell phone patch has been proven to transform and neutralize cell phone radiation—without affecting reception. The SafeSpace Cell Phone Patch features a non-electric metal substrate hologram encoded with frequency information that interacts with and influences EMFs, effectively protecting you against their harmful effects. The coded hologram is encased in a clear plastic tab with an adhesive back. Place it on the back of the phone or other device. Works immediately.

Testing at Quantum Biology Research Labs stated,
"The detrimental effect of radiation was completely neutralized when the Safe Space Cell Phone Patch was attached to the cell phone."

SAFE SPACE Appliance Patch

Extremely Low Frequency 60 Hz Fields

Electromagnetic fields (EMFs) from small personal appliances or larger household appliances, electronic tools and office equipment that have strong high frequency fields can be a big health problem if near the body for long periods of time. Placing the SafeSpace Appliance Patch near the source of power on any electric appliance, office equipment or on surge protectors will convert the interfering radiation immediately sending a coherent life enhancing field through the appliance.
